STREETS CLOSED OR EXPUNGED FROM OFFICIAL RECORDS.

The following streets as delineated on the Official Map have been closed or expunged up to July 1, 1895. In instances where streets were claimed to be delineated without authority, on application if the facts were as stated, that there were no dedication or user, the so-called streets were ordered expunged from the Official Map.

Running north and south, 68 9-12 feet wide, except Powell street, 66 9-12 feet, Stockton street 66 9-12 feet, Dupont street, north of Bush street, 44 feet, Grant avenue (formerly Dupont street) from Market to Bush street 74 feet, Kearny street south of Broadway 75 feet, north of Broadway 45 5-12 feet, Montgomery street 62 5-12 feet, Park avenue, from Larkin to McAllister street, 80 feet, Montgomery avenue 80 feet wide.

NORTH OF MARKET AND WEST OF LARKIN STREETS

To First avenue, 68 9-12 feet wide, except First, Parker and Masonic avenues, and Baker

street from Haight to Turk street, each 100 feet wide; Broadway California and Devisadero streets, each 82 6-12 feet, and Van Ness avenue 125 feet; streets both north and south of Point Lobos avenue between Central and First avenues, 60 feet, except Michigan, Jordan and Commonwealth streets, which are 80 feet, and Richmond avenue 80 feet wide.

WESTERN ADDITION.

From First avenue to the ocean, streets 80 feet wide, avenues 70 feet wide, except Point Lobos avenue, which is 125 feet wide; Market street 120 feet wide; south of Market street, between East, Channel and Ridley streets, 82 6-12 feet wide, except Tenth, Eleventh and Twelfth streets, each 80 feet wide, and Thirteenth street 50 feet wide.

SOUTH SAN FRANCISCO.

Streets 64 feet wide, except India street, which is 150 feet wide; avenues 80 feet wide, except First Avenue South, which is 150 feet wide, and Railroad avenue 100 feet wide.

SOUTH OF CHANNEL, RIDLEY AND MARKET STREETS.

Streets running north and south to and including Castro street on the west and Harrison street on the east, 82 6-12 feet, except Dolores street, which is 120 feet wide; streets running east and west, Ridley and Sixteenth streets, 80 feet wide; all other streets as far south as Thirtieth street, 64 feet; Treat avenue, Shotwell, Capp, Bartlett, Fair Oaks, Chattanooga and Vicksburg streets, 60 feet wide.

S. E. OF CHANNEL, NORTHEAST OF EIGHTH AND NORTH OF SOUTH STREET

Streets running southeast and northwest 82 6-12 feet, except Hudson street, which is 60 feet wide, George street 100 feet, and Noble street 100 feet wide; streets running northeast and southwest 70 feet wide, South street 137 6-12 feet, Center street 80 feet wide; streets running east and west 80 feet wide.

STREETS SOUTH OF SOUTH AND CENTER STREETS.

Streets running north and south 80 feet, Pennsylvania avenue 90 feet; streets running east and west 66 feet wide.

SOUTH SAN FRANCISCO.

Honduras street (now First Avenue South) 150 feet; avenues south of First Avenue South, running northwest and southeast, 80 feet; India street 150 feet; streets running northeast and southwest, 64 feet; Railroad avenue 100 feet, Ocean avenue 66 feet, and Mission street running south to County Line, 82 6-12 feet wide.

ACCEPTED STREETS.

Under former statutes, when the necessary street work was performed the street was accepted, whether the same was paid for or not, and thereafter kept in repair at the public expense; under the Act of 1878 only that portion of the street in front of property the owners of which paid the assessment could be accepted, the remaining portion still being liable and chargeable with the expense of future repairs to the owners of the property fronting thereon.

The following is the statute referred to:

AN ACT TO CONFER ADDITIONAL POWERS UPON THE BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO, IN RELATION TO ACCEPTED STREETS.

[Approved April 1, 1878.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to suspend from the benefits of acceptance any portion of a street where the owner of the property fronting thereon shall hereafter fail to pay the assessments for the improvements which form the basis for acceptance by the corporate authorities.

SEC. 2. The Superintendent of Streets shall keep a thorough record in his office, and list all property where the owner shall evade payment for the improvements which form the basis for acceptance, and he shall make a careful record of the same in a book, or books, kept for that purpose, showing correctly the portion of frontage in each block where the owners have paid their assessments, and the portion where payments have been evaded.

SEC. 3. The said Superintendent of Streets shall also keep a careful record of all expenditures hereafter made for repairs and renewals upon accepted streets, charging to each block separately the amount expended thereon, and in every block containing one or more lots hereby suspended from the benefits of acceptance; he shall charge up to each its due proportion per front foot of the whole cost, and the same shall become at once a valid lien upon the realty, and bear interest at the rate of ten per cent per annum till liquidated by full payment into the City Treasury; *provided*, that at the expiration of one year from the date of the expenditures, if the same is not paid, the same shall be marked "delinquent," and a list thereof shall be certified to the Tax Collector of the City and County of San Francisco, and said Tax Collector shall thereupon advertise the said property for sale to pay said delinquent assessment and interest due thereon, and the costs and charges of advertising the same, and six months thereafter shall execute a deed therefor, provided the said property shall not be redeemed; and if redeemed, fifty per cent shall be added as a redemption fee therefor. Said certificate of sale and deed shall be in manner and form as the certificates and deeds provided to be executed by the Tax Collector on the sale of property for delinquent taxes, and shall be conclusive evidence of the validity of the assessment and of all prior proceedings, and shall be subject to be declared invalid by proof only that the assessment for which the property was sold had been paid prior to the date of sale.

SEC. 4. Any piece of property which shall be suspended from the benefits of acceptance through the operations of this law may at any time be restored to its lost privileges and the street in front of it accepted, by payment to the contractor who did the work the amount of the assessment against such lot for the improvement of which it was suspended, and upon filing a receipt therefor in the office of the Superintendent of Public Streets and Highways. It may also be restored by payment of said sum into the Treasury of the City and County of San Francisco. All payments and collections of money under this Act shall be placed in a special fund, to be designated as the "Special Street Fund." And each payment or collection must be entered in a book to be kept by the Treasurer for that purpose, showing the amount collected, a description of the lot, with the date of the contract and assessment for the non-payment of which said lot was suspended, and the name of the contractor doing the work, as shown by the books of the Street Commissioner. The contractor who did the work in front of any lot suspended for non-payment of his assessment, or his assigns, shall be entitled to receive from the Treasurer all moneys paid into the Treasury, either voluntarily by the lot owner, or collected under

the provisions of Section 3 of this Act, from time to time, as the same shall be paid into the Treasury, up to the amount due him on said invalid [unpaid] assessment, and when he has been fully paid said lot shall be released from its disabilities, and the streets in front thereof shall be accepted. Nothing in this law contained shall be construed so as to give any person a claim against said City and County for any money, unless the same shall have been first collected and paid into the Treasury, in accordance with the provisions of this Act, and to the extent of such payment only. No lot shall be liable to pay any sum beyond the amount of the assessment for work done to place the same in condition to make the same an accepted street.

SEC. 5. It shall in future be lawful for the city authorities to accept any portion of a street for the future maintenance by the city, where it is clearly shown to their satisfaction that all the requisite improvements have been paid for by the owners of the property fronting thereon; but no portion of a street shall hereafter be accepted while the bills remain unpaid for the improvements which form the basis of acceptance.

SEC. 6. All laws and parts of laws in conflict with the provisions of this Act are hereby repealed.

SEC. 7. This Act shall take effect from and after its passage.

Prior to October, 1871, streets were accepted without reference to any particular portion of a block, the name of the street and the streets between which the same was accepted being simply named, thus: "Washington street from Dupont to Stockton street."

About that time it was claimed that the acceptance in that manner was of such a character that it included not alone the roadway but the sidewalks; that is, the entire width of the street, and that the expense of keeping the same improved and in repair devolved upon the city. This view led to a different mode of acceptance being adopted, for while the liability of the city was conceded and intended by the acceptance of a street, to extend to keeping improved and in repair the roadway and the curbs, yet it had not been anticipated that the sidewalks were also by this act accepted, as no attention was paid to the condition of the sidewalks when the street was accepted; for in almost all cases the sidewalks were not permanently or uniformly improved, but were of such material as the owner of the property which fronted thereon desired or had constructed. In addition, the privilege of using the space beneath the sidewalk for business purposes, and of using a portion of the sidewalk for an approach to or a descent to premises was conceded to the owner of the property fronting thereon, and in portions of the city this privilege was and is very valuable, as the space beneath the sidewalk to the curb line is used for business purposes.

After October 9, 1871, in order to avoid any question thereafter being raised as to the action of the Board in relation to the extent of the acceptance of a street, the resolutions passed, simply provided for the acceptance of the roadway of the street, and since that time this practice has been observed.

The question of the liability of the City and County for the expense of repairing and keeping improved the sidewalks claimed to be accepted was determined in the case of Phelan vs. the City and County of San Francisco; a decision was rendered by the Supreme Court (filed November 14, 1882), in which the judgment and order of the lower Court was affirmed, making the City and County liable for the cost of the construction of sidewalks on Howard street from First to Third street. This doctrine was affirmed in the case of B. Bonnet vs. San Francisco, 65 Cal. Rep. 230, and also in Parker vs. San Francisco, 2 West Coast Reporter, 878.

The following table contains the names of all accepted streets, street crossings and intersections, with the present character of pavements laid, the conditions claimed under and by the said acceptance being different, and comprise—

1st. Streets accepted to October 9, 1871, by resolutions under which it is claimed that the roadway and sidewalks are accepted.

2d. Streets accepted from October 9, 1871, by resolutions under which the roadway only is accepted.

3d. Streets accepted conditionally from April 4, 1870; that is, where no sewer is constructed; property remaining chargeable therewith when the sewer is deemed necessary; roadway only accepted.

4th. Streets accepted partially, from April 1, 1878; those portions of streets only being accepted in front of property between the points named, the owners of which have paid the assessment for the work which formed the basis of acceptance.

TABLE OF ACCEPTED STREETS

IN THE

CITY AND COUNTY OF SAN FRANCISCO.
